About CCI BC

The Canadian Condominium Institute is a leading resource for the condominium industry by providing education, information, awareness, and access to expertise by and for our members.

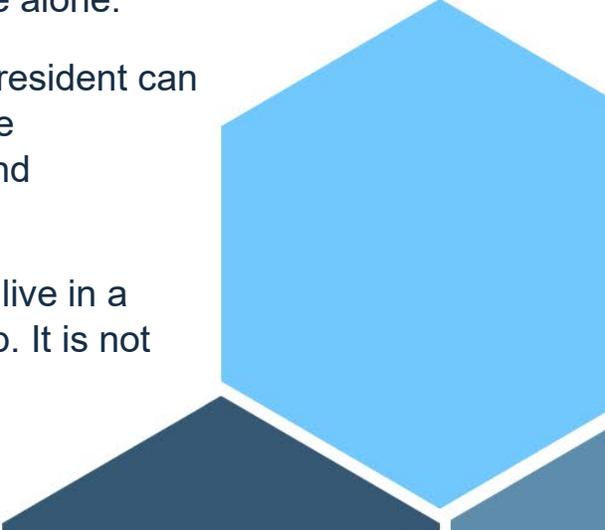

The mission of CCI BC is to provide exceptional education for Strata Councils to help build strong and healthy strata communities across BC.

Strata Resident Membership

Strata council members have a substantial responsibility to govern and manage their strata corporation properly and effectively. They are called upon each day to make prudent and effective business decisions that affect the lives of all residents in their strata. Council members need not feel they are alone.

Through membership in CCI BC, the individual strata resident can benefit from education and information, as well as the experience of hundreds of other strata corporations and professionals.

This classification is devoted to those individuals who live in a strata corporation that does not have CCI membership. It is not a replacement for strata corporation membership.

What Can CCI BC Do For You?

As a unit owner and/or council member, you will receive the following membership benefits for free:

- Attend our **virtual seminars** and **lunch & learns** on how to deal with the many difficult issues that arise within a strata.
